

STREB PERFORMANCE LINE - PRINTING BLANKETS IN PERFECTION

STREB PERFORMANCE FORM

Segment	Continuous Business Form Printing Envelope Printing
Application	Suitable for conventional and combi application For all kind of substrates

Features

- * NBR printing layer with high rub resistance
- * Adhesive backside
- * Easy mounting and removing properties
- * fast wash-up properties

Technical specifications

Thickness	0.95mm / 1.00mm / 1.06mm (± 0.03 mm)
Colour	Blue
Fabric Plies	2
Compressible Layer	closed cells
Compressibility at 100 N/cm ²	8 %
Overall Hardness	84 Shore A
Surface Roughness [Rz]	2.5 μ m
