

Underpacking material

SP compressible underlay

Compressible lacque-form-cylinder underlay

Application

- Compressible underlay blanket for coating applications
 - Self-Adhesive and Non-Self-Adhesive execution
-

Key Facts

- Evenly thickness, minimised setting behaviour
 - Highly compressible 3-ply carcasse for mechanical stress resistance
 - Available in cutted formats and rolls
 - Different thicknesses available, individually matched to your press
 - Easy removal, even after long runs
-

Technical specifications

Thickness:	Underlay <u>NON-SELF-ADHESIVE</u> 1,30 mm 1,50 mm 1,80 mm 1,90 mm 2,00 mm 2,10 mm
	Underlay blanket <u>SELF-ADHESIVE</u> 1,30 mm 1,50 mm 1,90 mm 2,10 mm
Surface colour:	yellow
Cylinder side:	Underlay <u>NON-SELF-ADHESIVE</u> : rubber side Underlay blanket <u>SELF-ADHESIVE</u> : adhesive side
